PRODUCT CHANGE NOTIFICATION
Ai PCN No: 139

Date Issued: May 5, 2017
Notice Type: Product Discontinuation
Product Type: Coaxial Lights: DL072, DL085, DL104, DL2449, DL3316, DL37100 and DL38144

Change Notification Summary

In an effort to improve our products, Advanced illumination (Ai) will replace the existing coaxial designs (DL072, DL085, DL104, DL2449, DL3316, DL37100 and DL38144) with the DL225 coaxial series. Customers may still buy the old designs up to May 4th, of 2018. After that time, only the DL225 coaxial series will be available.

This change will result in additional wavelengths being available: 365nm, 375nm, 385nm, 395nm, 405nm, 455nm, 590nm, 625nm, 850nm and 940nm. Additionally the white LED color temperture will be changing from 6100K to 5500K.

Orders for customized (dash numbers) versions of the DL072, DL3316 and DL2249 will be honored until August 3rd of 2018. Ai will be actively working with customers for those products to simplify the transition.

Please contact your Ai Sales Representative if you have any questions.
